FOR IMMEDIATE RELEASE

CompleWare Rebrands New Website Highlights Integrated Focus

IOWA CITY, IA (December 2, 2013) – CompleWare announces the launch of its new website, www.compleware.com. The site reflects the intuitive, forward-thinking approach CompleWare demonstrates through its work in the clinical trials industry. A new logo and tagline were developed as part of the rebrand.

Key points:

- Positions CompleWare as a leader in the Respiratory CRO landscape
- Emphasizes qualities that differentiate CompleWare from competitors
- Highlights CompleWare's flagship clinical trial software, CompleClinical®

"CompleWare has been a long-standing member of the clinical trials world," said Dr. John M. Weiler, CompleWare's President. "This rebrand represents the next phase in our initiative to position ourselves as a key player in the industry."

The screenshot displays the new CompleWare website. At the top, the logo features the word 'COMPLEWARE' in a bold, sans-serif font with a stylized globe icon. Below it is the tagline 'Today's Trials. Tomorrow's Technology.' and a search bar. A navigation menu with yellow highlights includes 'ABOUT', 'SOFTWARE', 'SERVICES', 'RESOURCES', and 'CONTACT/SUPPORT'. The main banner has a dark background with yellow and white circular patterns and the text 'Complete Data. Complete Trials. CompleWare.' Below the banner is a repeating tagline. The main content area has three columns: 'Software' (teal), 'Services' (light green), and 'CompleClinical®' (yellow). The footer contains contact information, social media icons, and a copyright notice.

Complete Data.
Complete Trials.
CompleWare.

Complete Data. Complete Trials. CompleWare.

Complete trials rely on complete data. Anything less won't do. That's why CompleWare pairs comprehensive eClinical software with integrated service solutions to see your clinical trial through to completion. Our solutions can be fitted to fulfill whatever your trial demands, all with a supreme level of precision. All-in-all, CompleWare is all you need.

Software
You depend on data, so depend on CompleClinical® for complete trials. CompleClinical is the comprehensive data capture platform designed for seamless implementation, practical use and straightforward control. From capturing and validating, to sorting and reporting, CompleClinical ensures your global site data are accurate, secure and available on-demand through a single point of access when you need them most.

Services
To complement our eClinical software, we deliver integrated clinical trial services for the life of your program. With premier expertise — particularly in respiratory studies — our team ensures every facet of your trial is conducted effectively. From protocol design through complete trial management to final submission, CompleWare is your all-in-one-and-done clinical trial partner.

Enhancements to the website include:

- Improved and simplified navigation which enables visitors to easily search and find information
- New features—explanation of software and services, respiratory expertise details and company background
- Links to CompleWare’s presence on Twitter, LinkedIn, Facebook and YouTube

“We’re excited to unveil our new website, which better describes who we are and what we do,” said Heather Baumhauer, CompleWare’s Sponsor Liaison. “Our vision is to provide the best software and integrated services in the industry, drawing from our extensive respiratory experience.”

About CompleWare

CompleWare is a full service respiratory-focused Contract Research Organization (CRO) and software provider for the clinical trial industry. CompleWare’s eClinical software application, CompleClinical, provides fast, accurate and reliable data management solutions for clinical research programs. This proprietary software consolidates global clinical trial data and allows clients to have real-time access to information they need to make better decisions.

CompleWare pairs its software with integrated clinical research services. From traditional clinical trial services to specialized respiratory studies, CompleWare is an all-in-one solution for clients.

Sponsors trust CompleWare for complete, integrated and efficient solutions for their entire trial.
